

Part time employment

USU Molecular Ecology Laboratory
Wildland Resources Department

Genetic Lab Technician
\$12-15/hr. depending on experience

Duties: DNA extraction and PCR reactions on plant samples and environmental DNA samples.

Minimum Qualifications: MUST HAVE recent lab experience, preferably in a genetics lab, and must be proficient in spoken & written English. Must be able to work 10-20 hours per week in whole days or back-to-back half days on a regularly scheduled basis.

Submit by email to karen.mock@usu.edu:

- 1) Letter of interest explaining previous experience (describing specific protocols and systems). This experience CANNOT be simply experience in a lab as part of a course.
- 2) A current resume.
- 3) Names, context and contact information for 3 references who can specifically comment on your lab skills or at least your ability to do repetitive, meticulous work.
