Forestry Technician Positions

Come work in the shadows of the Tetons and Yellowstone National Park. The Bureau of Land Management’s (BLM) Pocatello Field Office will be filling two Forestry Technician positions for the 2019 field season. These positions will serve on a Timber Sale Layout crew and will be hired at the GS-05 level. The announcement is currently open.

Duties of the positions will include all aspects of timber sale layout. Including, but not limited to: tree marking, stand inventory, timber cruising, boundary/stand delineation, and field assessments. Work will occur in mountainous terrain and potentially inclement weather. To be a qualified candidate, individuals should have a background in forestry and experience working in a team setting.

The Pocatello Field Office has a Zoned forestry program, covering the Pocatello and Upper Snake Field Offices. This is unique in that we manage forest resources for two field offices covering a large geographic area, approximately 1.5 million total acres, 166,080 of which are forested. This ranges from the high deserts of southeastern Idaho to mountainous terrain surrounding Island Park and the Teton Valley. Duty Station is Pocatello, ID, however work will include remote duty stations located in Island Park, ID and Bear Lake, ID. Government housing may be provided when working from these remote duty stations for longer periods. Government housing is not available in Pocatello; however numerous short-term rental opportunities exist.
