

Wildlife/Range Seasonal Help Needed

Division of Wildlife Resources Southeastern Region Price, Utah

The Utah Division of Wildlife Resources is seeking three (3) individuals to assist the habitat section throughout the **summer season (May-August)**. Earlier start dates and fall extensions may be available. The positions will be based out of **Price, Utah**. Housing may be available. Depending on experience, starting wage is **\$11.21/hour**.

Job Duties:

- Managing Division of Wildlife Resources' properties through weed control, fence and sign maintenance, and farming and irrigation.
- Monitoring, maintaining, and installing wildlife water structures/guzzlers.
- Monitoring habitat development projects through vegetation transects and photo-points.
- Transporting seed and equipment.
- Some weekend, late night, and overnight trips may be required.
- Work will be performed outside on a daily basis.

Preferred Experience:

- ATV/UTV
- Four-wheel drive vehicles.
- Pulling bumper pull and/or 5th wheel trailers.
- Farming-driving tractors, plowing, disking, marking.
- Pesticide applicators license (must be acquired within the first two weeks of employment).
- Plant and weed identification.
- GPS and/or GIS experience.
- Ability to lift 50 pounds.
