

CAREER OPPORTUNITY

Job Title: Forest Technician 2
Status: Seasonal
Location: Redding, California
Compensation: \$ 20.00 per hour

About Alpine Land Information Services

Here at Alpine we specialize in providing turn key solutions when managing clients' information. This means we need to employ a wide array of professional and non-professional expertise. Whether we are developing data collection protocols, system server application software or just trying to find the most cost-effective way to access a remote piece of ground, we are fully engaged. We strive to provide our employees with the best and most modern equipment, including custom support software. Training and re-training are a way of life at Alpine. Our intent is to always find the best way to answer the ever evolving regulatory and client specific management questions. We are often employed in the perpetual management and/or the annual update needs of systems we have built. Over the last 25 years we have been presented with many challenges and we have learned a great deal from our efforts. We take great pride in bringing that experience to the current tasks and services we provide our clients.

Position Overview

The Forest Technician 2 is responsible for gathering an accurate forest inventory using the latest in forest mensuration technology. We employ both a fixed radius and variable radius sampling methodologies. These are carried out over a vast industrial forest landscape throughout Northern California. Over-time an incentive pay is available.

General Responsibilities

- Report to the Cruise Forman
- Gather forest inventory data with a high level of accuracy
- Operate a broad array of company vehicles
- Maintain issued equipment
- Maintain a safe and clean camp throughout the field season
- Follow company safety standards

Qualifications

- Preferred, actively pursuing a 2 or 4-year forestry-related degree
- Good physical condition
- Ability to operate and communicate as part of a team
- Willingness to be away from home for 5 days at a time
- Willingness to overcome adverse outdoor conditions
- iOS and Windows proficiency
- Attention to detail
- Valid driver's license
