

OUTREACH NOTICE FOR PARK RANGER
BEAR RIVER MIGRATORY BIRD REFUGE
BRIGHAM CITY, UTAH

U.S. Fish and Wildlife Service (USFWS), at beautiful Bear River Migratory Bird Refuge (BRMBR), invites members of all diverse communities to join our workforce as we endeavor to best serve our publics from every background. We believe that by welcoming differences, encouraging new ideas and views, listening to and learning from each other, and providing opportunities for professional enrichment we are better able to serve those around us.

BRMBR is located near Brigham City in the northern part of the state. As such it is convenient to many outdoor recreation opportunities. Several National Parks are located within a half-day's drive, including Yellowstone, Arches, and Zion.

As a Park Ranger, you will be responsible for assisting with the operations of the Refuge's visitor services program, providing quality wildlife-dependent recreational opportunities to enhance diverse publics' understanding and appreciation of natural resource conservation and management. You will become a vital part of outreach via the Urban Wildlife Conservation Program (UWCP).
