

Microbiologist Wanted!

Los Angeles, CA algae startup focusing on spirulina cultivation looking to expand operation to a full-scale production facility in the Palmdale/Antelope Valley region. Further out, aim is to diversify and expand operation into cultivation of other algal species. With so much potential on the horizon, this is a truly exciting time.

An ideal candidate is someone who embraces change, strives for continuous improvement, understands the importance of commitment and is passionate about expanding their knowledge base. Looking for someone who can transition from a part time employee to a full-time team member over the course of the next year. If interested please send resume to: barry@nationalalgaeassociation.com
