In The News

Charles Hawkins Appointed to National Climate Assessment Research Team

Professor and head of USU's Department of Watershed Sciences, Charles "Chuck" Hawkins has been appointed to the Freshwater Ecosystems Indicators Technical Team of the National Climate Assessment's U.S. Global Change Research Program. Hawkins will work with colleagues to identify key indicators of freshwater ecosystem health and synthesize information for policymakers. Congratulations, Chuck.

Charles Hawkins, professor and head of USU's Department of Watershed Sciences.

Alumni Highlights

Scholarship and QCNR Awards Banquet ~ March 23, 2013

Our annual Awards Banquet is fast approaching and we are very enthusiastic about honoring our students, staff, and faculty for their accomplishments. The student awards committee has completed their tasks and the Quinney College of Natural Resources will award over \$200,000 in scholarships at the banquet. We hope many of you are able to make it on the 23rd.

We thank all of our donors for making this event possible.
