Welcome Back Students

This fall we welcome 80 new students to the College. These folks will learn about student clubs at the Opening Social on our patio on August 28, 2014 at 4 pm. Six new Quinney Scholars will be part of our incoming class, joining us from Georgia, Illinois, Idaho, and Utah. They will become part of the first class of the new University Honors program.

New Faculty

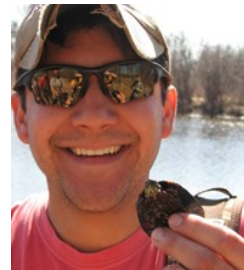

We also welcome new faculty and administrators to the College. Peter Wilcock comes to us from Johns Hopkins University and is starting his position as Head of Watershed Sciences. Chris Lant is our new Department Head of Environment and Society. Chris and his wife Sandy come from Southern Illinois University. Jereme Gaeta is our new assistant professor of fish ecology. Jereme completed a PhD in Madison Wisconsin. Kris Hulvey is our new assistant professor in Rangeland Ecology having completed her PhD in Santa Barbara and a post-doctoral stint at Davis, California. Welcome all.

Peter Wilcock

Chris Lant

Jereme Gaeta

Kris Hulvey

In June we learned that Diane Anderson took a position with the USU Student Services office. In her new position Diane will be responsible for USU-Community relations. We thank her for 4 years of service to the college and to our alumni relations activities.

Events

The CNR Forestry Summer Camp class of 1966 will be holding their reunion on September 11-14. Activities include a tour with Dr. Jim Long, a lunch at the Forestry Camp in Logan Canyon, and the football game versus Wake Forest. Additional details [here](#).
