Click [\[here\]](#) to check out the week's activities.

### Predator vs Prey (5k)

### Student Photo Contest

### Empty Bowls' Fundraiser

### Logger's Ball

### Scholarship Awards

### FUN!

## In the News

Wildland Resources Assistant Professor, Jim Lutz along with colleagues published "Remnants of an ancient forest provide ecological context for Early Miocene fossil apes" in *Nature Communications*. It's great to see QCNR Faculty contribute to studies on early primate evolution. Read more [here](#).....

Karin Kettenring, assistant professor in Watershed Sciences published a review paper in "*Journal of Applied Ecology*" focusing on the role of aquatic diversity in restoration.

To read full article by Mary-Ann Muffoletto, click [\[here\]](#).

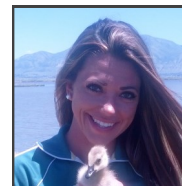

QCNR students David Baird and Natalie Schvanveldt were among Aggies presenting research posters to legislators in the Capitol Rotunda January 30 at the Utah's 2014 Undergraduate Research Day on Capitol Hill in Salt Lake City.

David Baird, Wildland Resources  
"Waterfowl Population Trends, Pariette Wetlands, Utah 1980-2010".

[Read more about David's research...](#)

Natalie Schvanveldt, Wildland Resources  
"Analysis of Mexican Spotted Owl Diet in the Canyonlands of Southern Utah".
