UTAH DIVISION OF WILDLIFE RESOURCES
SUMMER EMPLOYMENT OPPORTUNITIES

Multiple Positions:

Wildlife Technician - Division of Wildlife Resources – Great Basin Research Center – Ephraim, UT

- GBRC Project Research (2 Positions)
- GBRC Project Equipment Maintenance (1 Position)

Work Dates:

GBRC Project - Research Position: April 11 - August 25, 2022
GBRC Project - Equipment Maintenance Position: May 9 – August 25, 2022
(beginning and end dates for all positions may be flexible depending on school schedule or applicant availability)

Research Position Description:

Research: The Utah Division of Wildlife Resources is conducting research on native forbs and habitat restoration in the Great Basin and Colorado Plateau. The majority of the work will consist of maintaining (weeding and watering) study plots located on two farms in Ephraim and Fountain Green, as well as collecting data from these plots. Some travel throughout the state to collect data from other study plots may be required.

Work schedule: M-Th, 7 am-5:30 pm (part-time optional during spring semester). Some variation of schedule may occur (alternate hours or days) depending on work needs.

Equipment Maintenance Position Description:

Equipment Maintenance: The Utah Division of Wildlife Resources builds, maintains, and provides equipment for habitat improvement projects throughout the state. The primary assignment will be welding hardfacing to anchor chains and assist with equipment upkeep, but the individual in this position may also be asked to assist with GBRC research plot maintenance (see above) as needs arise.

Work schedule: M-Th, 7 am-5:30 pm. Some variation of schedule may occur (alternate hours or days) depending on work needs.

Physical Requirements:

Must be 18 or older to apply. Applicants must be able to work under extreme conditions and/or inclement weather. Work responsibilities may require moderate physical labor including lifting up to 50 pounds.

Skills:

Knowledge of operating farm equipment, herbicide application, welding (Equipment Maintenance), plant identification, vegetation monitoring, and basic computer skills. Applicants should be able to pay close attention to details, follow instructions, tolerate repetitive work, and work as a team member. **Preference will be given to applicants who are pursuing a career and/or degree in natural resource management (or similar).**

Salary:

Starting wage is $12.13/hr. With qualifying experience, the starting wage will be $13.50/hr.

To Apply:

Email or send a **resume** (please include previous work experience and list of at least 2 references), copy of **college transcripts** (unofficial), and a **list of current coursework** to:

Email: Melissa Landeen
mlandeen@utah.gov

or

UDWR Great Basin Research Center
494 W 100 S
Ephraim, UT 84627

Please specify in resume which position(s) you are interested in.

Applications must be received by February 28, 2022 for first consideration. Applications received after March 1st will be considered if all positions have not yet been filled.
