

## **On-call Biological Field Technicians Needed in Vernal, UT**

Frontier Resources is a small, locally owned, environmental consulting company that specializes in botany and wildlife expertise, natural resource management, environmental planning, and environmental regulatory compliance. More information at [www.Frontier-Resources.com](http://www.Frontier-Resources.com)

We are seeking entry-level Biological Field Technicians that can work on an on-call basis. The work will be primarily botany and wildlife surveys as part of pre-construction requirements associated with natural gas and oil development here in the Uinta Basin. The role includes hiking long distances in extreme desert conditions. The work is seasonal from roughly March through October depending on client demand and weather. Pay is based on individual qualifications and experience ranging from **\$13/hour to \$18/hour**. **Residency in Vernal or a nearby community is strongly preferred.**

### **Responsibilities:**

- Assist with surveys and collect field data on sensitive plants, wildlife and habitats
- Record detailed field notes and record data on GPS units and field site forms
- Use topographic maps, aerial photographs, GPS units, and other maps and tools to navigate to exact locations of project sites, habitat types, and survey locations
- Operate and maintain off-road vehicles

### **Qualifications:**

- Completed/working towards B.A. or B.S. in Biology, Botany, Ecology, Environmental Science, Natural Resource Management, or a related field
- Coursework or experience related to field botany and/or plant taxonomy
- Ability to record accurate and legible field notes
- Ability to conduct fieldwork safely for long hours in inclement weather (including temperature extremes) and environmental conditions
- Ability to walk up to 10 miles per day, often in rugged terrain
- Ability to take initiative, resolve problems, and create improved procedures
- Interest in botany and capability and willingness to learn field botany techniques
- Ability to work effectively as member of a team and manage personality conflicts
- Willingness to adapt to rapidly changing schedules including occasional weekend work
- Knowledge of desert ecology, botany and wildlife survey techniques a plus
- Experience in related field work a plus

Frontier Resources promotes a safe and drug free workplace. We participate in pre-employment background screening services and are subject to client-imposed random drug screening. Frontier Resources is proud to be an Equal Opportunity Employer and Ute Tribe Employment Rights Office certificate holder. We encourage women, minorities, individuals with disabilities, veterans and members of the Ute Indian Tribe to apply.

### **How to Apply:**
