

The Jackson Hole Conservation Alliance is grateful to announce...

We have funded the Addie & Ted Donnan Memorial Conservation Director position!

We are honored to have received the help of many supporters, including old friends and new members, in this campaign. We deeply appreciate being able to provide an experienced professional a sustainable and living-wage job in this uncertain time. And we are thrilled to honor the memory of our great conservation friends Addie & Ted Donnan with our ongoing work.

Our Conservation Director will be the voice of the Alliance in town, county, and state decisions about wildlife and wild places. This work includes:

- Engaging the community in the **Bridger-Teton Forest plan revision**
- Saying **Heli-No!** to invasive heli tours
- Protecting **migration corridors** and successfully implementing **wildlife crossings**
