

## Erosion Control Services (ECS) is accepting resumes for a part-time **Stormwater Compliance Inspector** to join our team.

### **Job Summary:**

ECS is looking to hire candidates who will perform stormwater best management practice (BMP) inspections at active construction sites. The selected individual will inspect construction sites for compliance with stormwater regulations and is responsible for ensuring site compliance with all application Utah Pollutant Discharge Elimination System (UPDES) General Permit for Storm Water Discharges from Construction Activities UPDES Permit No. UTRC00000 regulations and the project Stormwater Pollution Prevention Plan (SWPPP).

This is primarily a field position requiring the majority of the work hours to be spent on and traveling to project sites. Inspections are scheduled for Tuesdays and Wednesdays with a Thursday morning meeting to discuss inspection results. Meetings may be attended in-person at our Riverton office or over zoom. Paid training and certification will be provided.

### **Essential Duties and Responsibilities:**

- Conduct routine site inspections as specified in the SWPPP.
- Read and understand civil construction plans and topographical maps in order to verify site compliance.
- Identify BMP issues and coordinate with contractors to address items needed to bring the site back into compliance.
- Communicate inspection results with the ECS project team.
- Complete SWPPP Inspection Reports and Update SWPPP in a timely manner.

### **Qualifications:**

- Be detail oriented and able to identify stormwater-related concerns during inspections.
- Ability to effectively read and interpret information, present data in a resourceful manner and skillfully gather and analyze information.
- Ability to read and interpret various technical documents such as maps, construction plans, standard operating procedures, analytical methods, and state and federal regulatory guidelines.
- Experience with computer software such as Microsoft Office Suite.
- Ability to use computer hardware such as an iPad to document inspection reports.
- Strong oral and written communication skills.
- Ability to work well and communicate with all levels of personnel within the organization and outside of the company.
- Ability to interface with and between regulatory agencies and private industry.
- Able to work independently on a job site.
- Travel to construction sites will be required; must have reliable transportation to complete all assigned inspections and write reports efficiently and on time.

### **Compensation:**

\$30.00 per inspection.

Job Type: Part-Time

### **Schedule:**

- Tuesday and Wednesday (full day)
- Thursday (am morning meeting)

**Preferred Experience:**

- Construction Experience
- Stormwater & SWPPP Experience

**Education:**

- High School or Equivalent (Required)
