CNR ALUMNI CELEBRATE
USU CENTENNIAL
WITH SYMPOSIUM ON
FRIDAY, APRIL 22, 1988

ALUMNI PLAN 1988
NATURAL RESOURCES WEEK

Bob Bjornsen, President of the CNR Alumni Association, kicked off his term in office with executive committee meetings during April of this past year. The Executive Committee includes in addition to Bob, Bill Burbridge, Past President; Dave Baumgartner, Vice President; Carl Johnson, Secretary-Treasurer; and John Neuhold, CNR Liaison.

Plans germinated for the upcoming term included a retreat with the CNR Deans and Department Heads in August where the idea for this year’s symposium was hatched. The symposium theme is "Conflict Resolution in Resource Management". The program committee consisting of Bjornsen, Neuhold, Baumgartner, Roskelley, Daniels and McCawley is endeavoring to get the likes of Philip Habib, Cecil Andrus or Scott Matheson as a keynoter backed up by a panel of experts in the areas of persuasion, litigation, mediation, etc.

Alumni reception, the symposium and the awards banquet are on the agenda as last year. Details will follow as soon as they are finalized.

BOB’S CORNER

Alumni-Faculty Retreat. Last August Dave Baumgartner, Bill Burbridge, Ralph Cioco, John Neuhold and myself met with Thad Box, Dick Fisher, Chuck Gay, Joe Chapman and Fred Wagner at a retreat to develop a program to further participation of our Association with the College in: Recruiting top students; developing quality symposia; publishing a CNR tabloid; and increasing alumni involvement in Association affairs.

The retreat offered the opportunity to work with the faculty in partnership to enhance programs of mutual benefit. We see this as a great way to maintain the vigor of our Association and to contribute alumni views to CNR programs.

Forest Department Accreditation. Several members of the Association will meet with the Society of American Foresters accreditation team in Logan, November 19, on their review of the Forest Resources Department’s program for continuance by SAF of CNR as an accredited institution in forestry.

Conservation Week Symposium. The program committee has been formed to work on the 1988 Conservation Symposium. The theme will be Resolution of Resource Conflict; a very relevant topic in today’s natural resource management programs. We are looking to build on this year’s outstanding success; you’ll want to attend, for sure!

Connections. The classes of 1938, ’48, ’58, ’68, and ’78 will have opportunity to celebrate their decade reunions during the Conservation Week festivities. We will be contacting you to help organize a social gathering during the Association’s functions. Plan on coming to Logan to meet your classmates!

Recruiters. CNR needs your help in recruiting top undergrad students. We will be calling on key alums to work on this program. Our future graduates are tomorrow’s natural resource managers, researchers and teachers. Our contribution in recruiting them will have high payoff for CNR and their
We have asked undergradaute students to help us with the symposium next year. They will be serving as chairs for the program. We are pleased to have the students join in our activities as a way for them to gain exposure and for us to learn more about the future members of the Association.

Speaking of the Spring Conclave, the planning committee met recently to firm up activities. It promises to be a great program. Plan on coming to Logan April 21-22 for the best ever gathering of CNR Alumni.

Editor's note: We have received many requests from alumni to include more news of the College and its doings. This issue initiates a column dedicated to College news.

We appreciate your comments and suggestions and encourage you to take advantage of the attached "connections" form and keep us abreast of what is going on.

COLLEGE NEWS

The Department of Forest Resources is undergoing its SAF accreditation review. Alumni have been asked to participate. The Department's last review was held ten years ago when it received accreditation for the (then maximum) ten year period. The face of the department has changed in the intervening years. Faculty have retired or resigned. New faculty have come on board.

Recent moves include: R. H. "Pete" Hawkins who will be taking over a leadership position at the University of Arizona in January, 1988; Paul Mohai has left his forest management position here to take over a forest policy position at the University of Michigan; Carl Johnson, though on emeritus status, is still teaching forestry courses for the department at the University's outlying continuing education centers; Steve Daniels joined the Department as assistant professor of forest management from Duke University where he recently earned his PhD; Dick Fisher remains active in SAF serving on the Executive Committee of the Educator's council.

Range Sciences' John Malechek is spending a sabbatical year in New Zealand; Martyn Caldwell has taken a one year leave of absence to serve as Program Director for General Ecology with the National Science Foundation in Washington DC.

The U.S. Forest Service and the Fisheries and Wildlife Department have entered into a cooperative agreement which establishes a cooperative habitat unit on the campus. Winnie Sidle serves as leader of that unit and also as Research Associate Professor in the Department; Joe Chapman, Dave Balph and John Bissonette traveled to Pakistan during September to set up a graduate student in his research and to make contacts with Pakistani officials for future cooperative ventures. Hamid Ali, '71, Deputy Conservator in the National Council for Conservation of Wildlife was one of the Pakistani officials.

NEWS OF ALUMNI

Class of 1927

Asa J. Merrill lives in Bellevue, Washington and wonders why we don't recognize the early grads. We do, Asa.
Class of 1933

Frank O. Fonnabeck, Salt Lake City, makes a contribution to the College which is matched 2:1 by his employer.

Class of 1936

Alden N. Brewer, Salt Lake City, goes fishing once a week since he retired from government service. He and Ivala Hoth have been married for 51 years. That’s almost 56,000 meals Ivala has cooked for Alden!

Nathan Snyder, Seeley Lake, Montana, moves to 2600 Buchanan San Francisco, CA 94115 in the Winter. He hikes, fishes and loafs in the Summer and speculates on precious metals, writes an advisory letter and explores the Bay area in the Winter with occasional visits to the desert or ski resorts.

Victor N. Stokes is still alive and well in Las Vegas, Nevada.

Class of 1938

Wm D. Hurst, Bosque Farms, New Mexico, spent 39 years with the Forest Service, retiring in 1976 as Regional Forester for the South West Region. His wife of 41 years, Dolly, died in 1982. They had raised 5 children. He married Elizabeth Colbert in 1985. She was a Home Agent with the Colorado Cooperative Extension Service in Greeley.

Class of 1939

Duane N. Turner, Tooele, Utah, retired from the army in 1979 after a career as a mechanical engineer. He was cited with a DVA Special acts award at a special Pentagon luncheon for developing a device which saved the government millions.

Class of 1941

Lisle R. Green, (M.S. ’48), Grand Terrace, California, couldn’t make Natural Resources festivities this past April because of his wife’s illness. He retired from California Department of Forestry in 1982 but has remained active with the department and with the SRM.

Andre B. Trudcn, Boise, Idaho, suggests that the Class of 41 be included with the ’30s reunion. He would also like to see an Idaho chapter of the CNR alumni established.

Class of 1942

William S. Rozynek, North Ogden, Utah, tripped to Carlsbad Caverns, New Mexico in April and visited with the widow of alumnus Kenneth R. Hampton, ’42, the former Beth Stock of Fish Haven, Idaho, in Alamogordo and also Don Seaman, ’50, in Shov Low, Arizona.

Class of 1943

Simon Lawrence “Buck” Cuskelly, Ogden, Utah, retired as Assistant Regional Forester in 1973 after 31 years. He still raises and races quarter horses.

Class of 1949

Harold B. LeSueur is currently living in Springfield, Arizona.

Class of 1950

F. Kelly Hammond is living in Sun City West, Arizona.

Karl Benkesser, Boulder, Colorado, retired from the Air Force in 1967, served as a high school teacher from 1967-78, worked with the National Center for Atmospheric Research from 1978-82 and is currently with Boulder Valley Schools.

Dale A. Jones, Albuquerque, New Mexico,
along with his son Derres R. Jones, '76, attended "with pride" the 60th celebration during April this year. He also wanted to recognize Bill Burbridge's "outstanding" contribution as President of the CNR Alumni toward the very successful CNR week activities.

Raymond C. Harris, Albany, Oregon, retired from the San Diego City Schools as a chemistry-physics teacher in 1986. He would be happy to have anyone from the CNR class of '50 stop by for a visit.

Class of 1951

Neil R. Bassett, Anchorage, Alaska, retired from the BLM in California and Alaska in August, 1986. Says he's working harder now than he did when in service.

Paul L. Sjoblon, Salt Lake City, Utah, is about to retire after 30 years with the State of Utah, 20 years as State Forester and the past 10 years with the Department of Natural Resources.

Arthur F. Johnson, Andover, Massachusetts, recently retired from the Environmental Protection Agency. Spent a couple of weeks climbing and hiking in the Grand Canyon during May.

James W. Mullen, East Wenatchee, Washington, is still with the same wife, still with the U. S. Fish and Wildlife Service and still trying to figure out how to catch salmon and steelhead on the Columbia River.

Class of 1954

Ben W. Fenton Jr., lives in Tuscaloosa, Alabama.

Class of 1958

Helmut Resch, Syracuse, New York, has recently left his position at Oregon State University and advanced to the position of Dean of Research at the SUNY College of Environmental Science and Forestry. He now works with and coordinates the research of the faculties of Chemistry, Environmental and Forest Engineering, Paper Science and Engineering and wood products engineering. He finds the job fascinating because of its variety and diversity.

James M. Dempsey, Littleton, Colorado, retired from the National Park Service in April 1986.

David R. Mead, Twin Falls, Idaho serves as a bank officer in Twin Falls. He was recently elected Chairman of the Idaho State Board of Health, Welfare and Environment, and he holds the rank of Captain in the U. S. Naval Reserve.

Class of 1959

Harold F. Olson, Santa Fe, New Mexico, has worked with the New Mexico Department of Game and Fish since 1959 and as its director since 1978. He anticipates several more years with the department and expects to retire there, "someday".

Thomas M. (Tom) Yuill, Cross Plains, Wisconsin is still working as the Associate Dean for Research and Graduate Training at the University of Wisconsin School of Veterinary Medicine in Madison. He just finished a two year term as President of the Wildlife Disease Association.

Class of 1960

Dwane and Patricia Sykes, still live in Orem, Utah. Dwane earned a PhD at Iowa State in 1963 and, the glutton for punishment he is, a law degree from the J. Reuben Clark Law School at BYU in April of this year.
Class of 1961

H. Lloyd Nogensen, Flagstaff, Arizona, is beginning his 23rd year at Northern Arizona University where he teaches general botany and plant anatomy. He also directs graduate students and is research director for NSF and USDA grants on quantitative, three-dimensional ultrastructure of plant reproduction. Attended XIV International Botanical Congress in Berlin in July.

Robert P. Latham, Corvallis, Oregon has "died and gone to heaven" (Oregon, that is) where he still does consulting work. He heard a rumor that Jim Koons finally sold that 1963 Chevy and bought his lovely wife, Pat, a new car.

Class of 1962

Robert P. Latham, Corvallis, Oregon was married to Dr. Connie Georgian who teaches human nutrition at OSU. He moved his consulting firm, Duck Creek Associates, to Corvallis and is enjoying becoming an Oregonian.

Class of 1963

Mel J. Brusley, Jr., Mesa, Arizona, is a veterinarian operating a small animal practice. Plant taxonomy and natural history still his consuming hobbies. Wife, Anne, is a Northern Arizona University graduate. They have sons Matt, 18, and Dan, 15. Enjoyed a visit with Darrel Short, '64, while in town on BLM business.

Class of 1964

Phil Johnson, (MS '66) Ogden, Utah, has spent the last 24 years with the U. S. Forest Service. He is currently the History Coordinator for Regional Inter-

preitive Services in Region 4.

Ernst R. Karsten, George AFB, California, is currently a Lt. Col. and Commander and Chief of Supply of the 831st Supply Squadron, George AFB.

Class of 1965

Darwin Blaine Hilton, Bicknell, Utah, has been with the State of Utah Division of Wildlife Resources the past 22 years. He currently is Superintendent of Division's egg and brood facility at Bicknell.

Class of 1966

Wendell "Walt" St. Pierre, Durango, Colorado, captains B-737s for American West Airlines. He completed 21 years of active/reserve with the Air Force and entered retired reserve status as a Lt. Col. He's presently completing construction of permanent home in Durango on three acres of pinea where his forestry instincts are kept alive.

Class of 1967

Stuart Luttich, Goose Bay, Labrador, is riding herd on three quarters of a million free ranging barren ground caribou over the Ungava Peninsula and attempting to preserve some sort of compromisable understanding between a multiplicity of polarized bureaucracies who neither speak the same language or have a common perspective and still be paid as a wildlife biologist.

Class of 1968

Robert C. Baker, Mountain Home, Idaho, reports that Ray Blair, '35, of Glenn Ferry, Idaho passed away of a sudden heart attack a couple of months ago. He was a farmer-rancher in the area for many years.

Class of 1969

Ted Chu, Idaho Falls, Idaho, is cur-
CNR ALUMNI NEWSLETTER

Currently employed by the Idaho Department of Fish and Game as the Regional Wildlife Manager for the Upper Snake-Region 6.

Kenneth Gary Somerville, Casper, Wyoming, is the founder and President of Applied Ecosystems Inc., an environmental/permitting firm consulting throughout the Rocky Mountain Region. He’s also President of The Shooter’s Connection, Inc., hunting consultants, and a member of the American Institute of Mining Engineers, Health Physics Society, Safari Club International and Wyoming Mining Associates.

Class of 1970

Mike Barker, Kearns, Utah, has been with the State of Utah Division of Parks and Recreation since 1970. He served as Superintendent of Dead Horse Point State Park for 8 years. He, his wife, Merry, and daughters, Lozette (13) and Rachel (10) moved to Salt Lake City where he served as Administrative Assistant to Director of Environmental Services and for Development Services. He currently serves as Superintendent of the Pioneer Trail State Park (This is the Place Monument).

Class of 1971

Norman L. Forbush, Cedar City, Utah, serves as Park Superintendent for the Iron Mission State Historical Monument in Cedar City.

Classes of 1973 and 1974

Steven and Barbara Penner, Columbia Falls, Montana, divide their activities between Steven’s position as a Forester on the Hungry Horse Ranger District of the Flathead National Forest and Barbara’s business as owner of the Country Sampler Gift Shop in Columbia Falls.

Class of 1975

Danny T. Potts, Salt Lake City, Utah, earned an MS from Auburn University and spent 1977-1979 as a Peace Corps Volunteer in Ecuador. He co-authored the book, “A Preliminary Guide to Demersal Fishes of the Mexico Continental Slope (100 to 600 Fathoms).” He is currently an unemployed fish biologist doing a lot of fishing, hunting and foraging. He serves as assistant wrestling coach for West High School in Salt Lake City.

Sally Spears Dischinger, Denver, Colorado, is leaving her position as a paralegal for a Denver Natural Resources law firm and is taking the plunge to work on her MS in biology at the University of Denver.

Joe Passneau, Brookings, South Dakota, since earning his PhD in 1975, has had a varied career spending 5 years with the Department of Wildlife and National Parks in Botswana and Lesotho, Africa; 2 years for the BLM in Utah and 2 years with the Environmental Learning Institute in Minnesota before taking over his current position as leader for the Park Management Curriculum at South Dakota State University in Brookings. He chaired a symposium on the use of wilderness for personal growth and therapy in conjunction with the 4th World Wilderness Congress at Estes Park, Colorado this past September. He and wife, Lyn, have a son, Forest (3) who’s full of discovery, trouble and joy.

Richard P. Howard, Boise, Idaho, as Director at Large for the Raptor Research Foundation, Inc., organized the annual meeting held in Boise, Idaho during the end of October. The meeting attracted 500-600 professionals and students from all over North America.

Class of 1976

John J. Townley, Okanogau, Washington, is returning to school at Oregon State University for an MS in forest planning and administration.

George Stuart Crockett, Alexandria, Virginia, is seeking a policy position
in wildlife, forestry or general conservation.

Class of 1977

Jeff Barnes, Smithfield, Utah, has worked with the Soil Conservation Service for the past 10 years as a Range Conservationist in Buffalo, Wyoming, Evanston, Wyoming and currently in Logan, Utah. He was married to the late Cathryn Pitt Barnes and he has a 6 year old son, Darren Christopher. He is active in the National Association of Conservation Districts and the Society for Range Management.

Class of 1978

Steven Briggs, makes Orem, Utah his home. Karmen (Barkhurst) Hernandez, is married to Jerry Hernandez who is a Timber Sales Administrator for the U. S. Forest Service. She is presently unemployed in natural resources but works as a home maker taking care of their three children, Crystal (3 mos), Jesse (3) and David (5).

Loretta Neville McConner, New Meadows, Idaho, received her MAT in education from the University of Idaho in 1982 and is now working as a media generalist/teacher at Meadows Valley School and seasonally for the Forest Service in pre-sale. She married Sean McConner in 1985 and they have recently completed building their home in Meadows.

Class of 1979

Raymond C. Obuch, Lakewood, Colorado, is a computer programmer analyst and systems manager for the U. S. Geological Survey Branch of Petroleum Geology in Denver. He married Carol in 1981.

Kenneth King, (MS '82), Reno, Nevada, has worked for the Farm Credit System since graduation. He began in Salt Lake City, moved to Elko, Nevada and is now Branch Manager of the Sierra/Nevada Production Association in Reno. He and his wife, Terri (Schultz) and their son moved to Reno in June, this year.

Stephen W. Hoffman, Albuquerque, New Mexico, has been an endangered species biologist with the U. S. Fish and Wildlife Service for the past 7 years. He recently started a non-profit organization, "The Western Foundation for Raptor Conservation", dedicated to the study and conservation of western raptor populations.

William Schiffer, Walden, Colorado, works for the U. S. Forest Service as a forester.

Class of 1981

Stefani Hanson, Logan, Utah, is a qualitative chemical lab technician at Morton Thiokol's Strategic Division. She is also working on a second BS in Industrial Hygiene and Safety with expectations of becoming an inspector in the environmental field. She would like to point out to her advisors that job opportunities for an environmental studies major have been coming her way with offers and opportunities in public health, industrial food production and aerospace.

Class of 1982

Scott R. Speckeen. Sandy, Utah, works for NPI Inc. Seed Division as technical sales representative serving the mining and reclamation industries. He's secretary/treasurer of the Utah Seed Council and is active in the American Seed Trade Assn and the Western Seedman Assn.

Ann Ritzman, San Francisco, California, was a recreational forester on the Caribou, an interpretive ranger on Alcatraz and a physical education and recreation director for the YWCA in San Francisco. Currently she is the recreation supervisor for the City of Brisbane, California in charge of public recreation programs, urban forestry and resource management.
Richard Whitton, Anna, Illinois, got his masters in biology from Western Illinois University and is now a waterfowl biologist for the Illinois Department of Conservation.

Bruce McGurk, Pinole, California, is still a snow hydrologist with the U.S. Forest Service. Bruce's wife, Jan Aishman and he are the parents of a year old baby girl.

Bruce C. Hastings, Knoxville, Tennessee, earned his PhD at the University of Tennessee in 1986. He currently is a research associate at the University working in the wildlife field.

Class of 1983

John S. Madany, St. Louis, Missouri, married Kenda R. Shippew on August 8, 1987. He received a U.S. Army scholarship for medical school.

Terry R. Thomas, Kamiah, Idaho, recently completed his M.S. in fish and wildlife management at Montana State University. He is now a conservation officer with the Idaho Fish and Game Department. He and wife, Kathy, recently had their fourth child.

Ron Hanan, now lives in Escanaba, Michigan.

Craig Sauer, Price, Utah, is a ranger for Utah Division of Parks and Recreation at Scofield State Park near Price.

Class of 1984

Jennifer Lesley, University Park, Pennsylvania, is completing her M.S. in botany at Penn State studying pollen tube growth and seed set in potatoes.

Terry Finnerly, Salt Lake City, Utah, has been working with NPI, Inc. in the nursery division. He is now working on his M.S. in horticulture at Texas A and M.

Raymond Loken, Vernal, Utah, is with the Utah Division of Wildlife Resources.

Charles Ernst, La Habra, California, started to work for the Los Angeles Sheriff's Department. He is currently stationed at Mira Loma Jail in Lancaster and will advance to patrol duty in Lancaster or Antelope Valley areas shortly.

OBITUARIES

We have made our mark and the world is the better for it.

Edward P. Cliff, '31, of leukemia on June 21, 1987 in Alexandria, Virginia. He was 77.

Robert L. Day, '67, of leukemia at his home in Monticello, Utah on September 26, 1987. He was 43.

Jerry Will Grice Hill, '51, Tuesday, September 9, 1987 at Sunshine Terrace II Logan, Utah. He was 83.

Harold Hirst, '37, Monday, July 7, 1987 in Salt Lake City. He was 72.

Thomas H. Pozarsky, '42, last Spring in Sioux Falls, SD. He was 68.

J. Graydon Robinson, '38, June 25, 1987 in St. George, Utah. He was 79.

Bradley D. Ryan, '70, October 31, 1987 in Syracuse, New York. He was 39.

Sylvan D. Warner, '37, of cancer at the Utah Valley Regional Medical Center on May 18, 1987. He was 78.

SAF MINNEAPOLIS MEETING

The CNR Alumni met at Ted Daniel's traditional alumni get-together at the annual SAF meeting in Minneapolis, Minnesota during October, 1987. Faculty and former faculty attending included James Long, Ted Daniel, Thad Box, John Hunt, Grant Harris, '39, and Fred Baker.

JOHNSON ESTABLISHES SCHOLARSHIP ENDOWMENT

Arthur F. Johnson of Andover, Massachusetts established the Arthur F. Johnson Scholarship with a substantial endowment. The scholarship will be awarded annually to an outstanding undergraduate or graduate student with career interests in fisheries and wildlife.

Johnson is a 1951 graduate of the Fisheries and Wildlife Department. A New Englander, he transferred from Boston University and completed his B. S. in Wildlife Management in 1951.

NOMINATIONS CALLED FOR

The CNR Alumni Achievement Award was instituted two years ago to recognize the lifetime achievements of alumni who have distinguished themselves in the field of natural resources. Bachelor of Science graduates of the College of Natural Resources (School of Forest, Range and Wildlife Management), Masters and Doctors graduating from either the Forestry, Range or Wildlife Departments as well as faculty or former faculty of the College are eligible. Please place individuals in nomination on the "Connections" sheet and return as directed on the form.

Our By-Laws provide that the Vice President succeeds to the presidency. We, therefore, elect a vice president every year. Please place the names of alumni (excepting faculty) in nomination using the same procedures as for the achievement award.

Both the Awards Committee and the Nominations Committee are chaired by President-elect Dave Baumgartner. He and his committee will recommend to the executive committee nominees for the award and a slate of nominees for office. The Executive Committee will make the decision on the award. You will be given the opportunity to ballot for your officers during February, 1988.

APPEAL FOR DUES

The appeal for dues and contributions sent out in the last newsletter resulted in a return that made the newsletter solvent, but was still far short of the amount necessary to fund the annual alumni scholarship. As a result we have had to forego the annual scholarship award this year. To all of you who did contribute, thanks. To those of you who intended to but forgot, let this serve as a reminder.

Annual dues are $12 and we will accept any contribution. Just make your checks payable to the College of Natural Resources Alumni Association.

SEETHALERS SET UP ENDOWMENT FUND

Karl Seethaler (NS, '79) of Logan, Utah and his wife, Tuyet, have set up a charitable remainder trust the proceeds of which will be turned over to the Fisheries and Wildlife Department as the Conservation Genetics and Biogeography Endowment Fund. Karl received his Bachelor’s degree from Whittier College in 1956. He has had extensive experience with the U. S. Army in thermal physiology, the U. S. Forest Service and Bureaus of Land Management in air logistics and operations, smoke jumping and aerial surveying and as an air freight specialist for Air America, Inc. in Laos. He traveled, worked and studied in Latin America, East Asia, Europe and the South Pacific. He also founded and
began president of both Westwind Aviation, Inc. and Trans Western Airlines of Utah, Inc. and was a co-owner of Snow Meadow Dairy in Hyrum, Utah. In Cache Valley, he is widely known and respected for his work in real estate and property management.

It is the intent of this endowment to further international efforts in conservation genetics, the preservation of interspecific genetic variability and intraspecific heterozygosity and the diversity of wildlife populations.

**CNR WEEK RAP SESSIONS**

On Thursday, April 21, 1988 and Friday, April 22, 1988 we are setting up "rap" sessions between alumni and CNR students. These sessions are designed to be informal discussions in regularly scheduled natural resources classes. Past experiences with these sessions have been positive from both the alumni and student point of view.

Bob Safran ('48) is coordinating the effort and is looking for alumni volunteers to participate in these sessions. Please indicate on the "Connections" form your interest. The following classes are potentially available for rapping:

**Thursday, April 21**

- Forest Resource Planning 8:30-09:45
  Kennedy
- Project Planning & Implementation
  10:30-12:20 Gay
- Range Planning 1:30-3:30
  Workman
- Wildland Fire Management 1:30-2:20
  Jenkins
- Fish and Aquatic Resources 3:00-4:15
  Helm

**Friday, April 22**

- Computer Techniques
  9:30-10:20
  Roberts

Management Aspects Wildlife Behavior
9:30-10:20 Gilbert
Forest Management 9:30-10:20 Downing

**REMEMBER**

**NATURAL RESOURCES WEEK**

APRIL 18-22, 1988

**ALUMNI RAP SESSIONS**

APRIL 21-22, 1988

**ALUMNI RECEPTION**

APRIL 21, 1988

**SYMPOSIUM - CONFLICT RESOLUTION**

APRIL 22, 1988

**AWARDS BANQUET**

APRIL 22, 1988

**CLASS REUNIONS**

APRIL 21-22, 1988

**REMEMBER THESE DATES**
