The Utah Division of Wildlife Resources Logan Fish Hatchery

02/25/2021

The Utah Division of Wildlife Resources is seeking applicants to assist at the Logan Fish Hatchery in Logan, Utah for the 2021 summer field season.

Description:

The Logan Fish Hatchery is a multi-species warm and cold water hatchery raising a variety of species including: rainbow trout, cutthroat trout, brook trout, June sucker, bluehead sucker, wiper and others species depending on need.

Duties:

- clean rearing enclosures
- feed fish
- weigh correct amounts of feed
- note and remove mortalities
- regular maintenance items
- monitor fish for disease and deformities
- otherwise assist with the day-to-day operations of a fish hatchery

Preferred qualifications/skills:

The ideal applicant possesses knowledge of fish production techniques and technology. Preference may also be given to an individual interested in pursuing a career within an aquaculture related field.

Salary: $11.78 - $12.50 DOE

Location: Logan, Utah

Number of openings: 1

Any physical requirements: ability to repeatedly lift 50 lbs feed bags

Application deadline is March 12, 2021
