

Tracy Aviary Nature Center Environmental Education

04/09/2021

Tracy Aviary - Nature Center Environmental Education Intern (May-August)

Tracy Aviary's Education Department provides lifelong learning experiences to help individuals form a connection to birds and nature while developing a sense of place. In May – August 2021, we are offering an internship that will provide on-the-ground experience in environmental education. The intern will support educational programming at Tracy Aviary's Jordan River Nature Center.

Primary Duties:

- Lead onsite programming, such as Let's Go Birding Together and Family Nature Club
- Provide assistance to guests of the Nature Center, such as greeting, wayfinding, etc.
- Provide interpretation on grounds, such as interpreting exhibits, natural wonders, and animal behavior (specifically birds)
- Assist with editing and/or development of program lesson plans
- Draft and use program/exhibit evaluation instruments
- Create social media content such as posts and videos focused on natural phenomena
- Assist in other duties related to Tracy Aviary's Education Department as needed

Qualifications:

- Background and/or demonstrated interest in environmental education
- Excellent written and oral communication skills
- Experience interacting with members of the public
- Bilingual English/Spanish preferred but not required

Salary: \$12.50 an hour, 40 hours a week for 12 week

Location: Salt Lake City

Housing: Not provided

Closing Date: Application closing date is April 21, 2021

How to Apply: Send a resume, cover letter and reference to Anne Terry, annet@tracyaviary.org.
