Francis D. Galey, Executive Vice President and Provost
Old Main 140
Utah State University
Logan, Utah 84322
frank.galey@usu.edu

Dear Dr. Galey:

The Society of American Foresters (SAF) appreciates Utah State University’s continued support of specialized accreditation review.

I am pleased to let you know the SAF Committee on Accreditation grants continued accreditation, under the Forestry standard, to the Forest Ecology and Management degree program leading to the B.S. in Forest Ecology and Management, as administered by the Department of Wildland Resources, S.J. and Jessie E. Quinney College of Natural Resources, Utah State University, effective January 1, 2020 through December 31, 2031.

Some follow up is requested and this is detailed in the accompanying Summary Findings and Action.

SAF’s goal is to maintain a responsive accreditation process; therefore, I encourage you to make any suggestions that may help to keep accreditation an effective tool for assessing and improving the quality of forestry education. Should you have any comments or questions, please direct them to Ms. Carol Redelsheimer, Director, Science and Education. She may be reached at (301) 897-8720 extension 240 or by email at redelsheimerc@safnet.org.

Sincerely,

[Signature]

Terry Baker
Chief Executive Officer
